8-10 Earning & Expectations

Service Overview

We help students reach their target university. A top student from that university designs a personalized study plan, with discount codes for leading prep platforms if needed. We also provide comparative analyses for multiple options or in-depth presentations on a specific university of interest. All done 1:1 with presented in an online meeting

Process led by the Career Pilot team

FREE

Free Check-in

Free online meeting to review the student's profile and target universities, and to assess how our team can best support him in creating a personalized professional flight plan.

Only for Transfers

If the student has not already done so, the Career Pilot team directly contacts the indicated universities to verify whether a transfer is possible.

SELECTION OF THE SPECIALIST(S) (ASSOCIATES)

If the team believes it can support the student, a selection of specialists aligned with their goals is proposed - and the student chooses who to work with.

****Specialist (Associate):*** A student who is attending / has attended the University of interest

The selected specialist (the Associate) will be contacted by the Career Pilot team and prepares one of the following projects based on the student's request, in a detailed and personalized manner, and will present it in a dedicated online meeting of 1hour.

75,00€

PERSONALIZED TIMELINES

- Online meeting with an assigned specialist, presenting a timeline with all deadlines (tests, applications, scholarships, etc.), an effective study plan, and links to preparation platforms.
- Created by a team member currently studying or who has studied at the chosen university.
- Access to discounted preparation resources through our partnerships.

66,00€

COMPARATIVE PRESENTATIONS BETWEEN UNIVERSITIES

- For students undecided between two universities.
- Online meeting with two specialists currently studying at the universities of interest.
- Each specialist presents their university with:
 - Quantitative data (career opportunities, rankings, etc.)
 - Insights not visible online (environment, teaching methods, internships, courses)
- Concludes with a summary, qualitative analysis with KPIs, and personal opinions.

40,00€

IN-DEPTH PRESENTATIONS

- For students who want to explore one university in detail.
- Online meeting with a specialist currently studying there.
- Contents include:
 - Data (career opportunities, rankings, etc.)
 - Real insights on environment, teaching methods, internships, courses, etc.
- Concludes with a summary, KPIs, and personal opinions.

OUR
ASSOCIATES

ASSOCIATE MEMBERS

We carefully select every team member to ensure only high-quality support.
Our Value drivers are: Professional Excellence, Effective Team Work and Entrepreneurship

Our team works with professionalism, clarity, and focus.

We ensure efficient communication, stay organized, and move proactively toward each student's goal—driven by innovation and a results-oriented mindset.

Universities in which our Associates study

EARNINGS & EXPECTATIONS

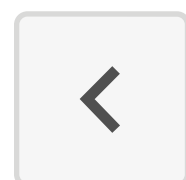

EARNINGS

SERVICE	EARNINGS ASSOCIATE
PERSONALIZED TIMELINES	20,00€ / 40,00€
COMPARATIVE PRESENTATIONS BETWEEN UNIVERSITIES	15,00€ / 23,00€
IN-DEPTH PRESENTATIONS	15,00€ / 25,00€

- *As specified in the contract, you can increase your earnings by bringing in new clients, delivering high-quality work, and accepting a greater number of client requests.*
- *The fee varies depending on whether the project has already been completed by another associate. In that case, the associate in question only needs to present it and therefore receives a lower compensation.*

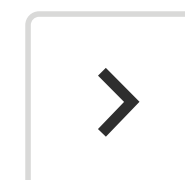

EXPECTATIONS

Don't cancel client meetings at the last minute

Do not share sensitive company or client data/projects

Carry out the project with commitment and punctuality

ADVANTAGES

Self-Management

If you are unable to complete the project, it will simply be reassigned to someone else who works in your field

Performance-based

The more projects you complete and the more value you bring — by contributing ideas, referring clients, or delivering results — the more you earn

Top Student Network

By joining, you become part of a top-student network. This means you're already connected to peers inside leading companies, making the path smoother
